Balance Carried to Balance Sheet	1,04,04.27	86,66.53

* Including Rs. (989.09) Lakhs Deferred Tax (Previous year Rs.10.99 Lakhs)

2. DIVIDENDS

Your Directors are pleased to recommend Final Dividend of 30% on 10296062 Equity Shares (Rs.3 per share of Rs.10 each). The Dividend will absorb Rs.3,61.38 Lakhs (Inclusive of Dividend Tax of Rs.52.50 Lakhs. With this, the total dividend for the year including interim dividend of 20% comes to 50%.

3. OPERATIONS

Insoluble Sulphur

During the year total production of Insoluble Sulphur was 17918 MT out of which 11070 Mt was from Dharuhera plant and 6848 Mt was from Mundra Plant. Commercial Production from Phase-II of Mundra plant started in May 2012. However, total production of Insoluble Sulphur was higher by only 3% from last year. Total Sales during the year was 16951 MT including 6317 MT from Mundra Plant. The sales of Insoluble Sulphur was 3% lower than the previous year due to lower demand. The low sales was a result of global as well Indian tyre plants cutting production due to slowdown in Indian as well as global economy. Further, due to lower demand, the impetus for tyre companies to speedily approve our new plants and products was absent resulting in delayed approvals. Though PMT Sales realisation improved during the year, profitability was lower due to higher input costs and higher fixed costs as the expenditure of the full Mundra Unit was charged post declaration of commercial productions of both the Phases.

Sulphuric Acid & Oleum

Production of Sulphuric Acid (Eqvt.) was at 38275 MT which is 6% higher than the last year production of 35991 MT. Production of Oleum was 37% higher than last year. However sales of Sulphuric Acid at 32850 MT was at par with the previous year sales of 32748 MT. Sales of Oleum was at 4866 MT which is 28% higher than the last year. Both demand and realization were good during the year resulting in the better results for the year from Sulphuric Acid Business.

4. FUTURE PROSPECTS

Insoluble Sulphur

Demand from tyre companies continue to be sluggish due to global economic factors. Domestic tyre companies are also taking production cuts due to significant reduction in the tyre demand. Your Company is making all efforts to mitigate the situation by entering new geographical markets and customers. Consequently it is expected that sales should rise to optimum levels during the second half of 2013-14.

Sulphuric Acid & Oleum

Due to increase in Sulphuric Acid capacities of Zinc and copper plants, the availability of Sulphuric Acid has

ORIENTAL CARBON & CHEMICALS LIMITED

increased resulting in over supply in the region. This can result in prices for Sulphuric Acid as well as Oleum being under pressure during the next year.

5. RESEARCH & DEVELOPMENT

A full in-house Research & Development team works on continuous basis to improve the quality of product and its properties. New Grades are also being developed to meet customer's varied requirements. Research in the areas of reducing utilities cost and process parameters improvement is also being done. Help of accredited independent laboratories is also taken as and when required for studying and evolving critical parameters. Research & Development is fundamental to the Company's efforts to maintain the technical and quality edge for the product.

6. CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS & OUTGO

As required under Section 217(1)(e) of the Companies Act, 1956 read with Rule 2 of the Companies (Disclosure of Particulars in the Report of Board of Directors) Rules, 1988, the information relating to conservation of energy, technology absorption and foreign exchange earnings and outgo is annexed to this Report.

7. POLLUTION CONTROL

Your Company's Plant has all the requisite Pollution Control Equipments and meets all the desired and statutory norms in this regard. The Insoluble Sulphur Units of the Company enjoy ISO 14001-2004 Certification.

8. COST AUDIT

In compliance with the Central Government's order, your Board has appointed Messrs. J K Kabra & Co., Cost Accountants, to carry out the Cost Audit of the Company in respect of Sulphuric Acid. This appointment has to be made in each financial year and based on the application of your Company the Central Government has approved the re-appointment of Cost Auditor for the year under review. The Cost Audit Report for the year ended 31st March, 2012 has been submitted to Ministry of Corporate Affairs.

9. PUBLIC DEPOSITS

Fixed deposits from public, outstanding with your Company at the end of the financial year, stood at Rs.5,37,95,000/-. Of the above, deposit amounting to Rs.10,000/- which had fallen due for payment on 7th May, 2003 and Rs. 45,000/- which had fallen due for payment on 2nd November, 2005 have since been claimed by the depositors on 5th May, 2010 and 14th August, 2012 respectively, but the same could not be paid as the depositors have failed to produce the Original Deposit Receipts in this respect. Deposits aggregating to Rs.21,22,000/- due for repayment on or before 31st March, 2013 were not claimed by the depositors by said date. Out of these, deposits totaling Rs.2,10,000/- have since been claimed and settled. This apart, deposits amounting to Rs.12,95,000/- though fallen due for payment, could not be settled as there is a dispute between the concerned joint depositors and the matter is sub-judice.

10. DIRECTORS' RESPONSIBILITY STATEMENT

As required under Section 217 (2AA) of the Companies Act, 1956, your Directors, based on representation received from operating Management, state that:

- i) in the preparation of the Annual Accounts, the applicable accounting standards have been followed along with proper explanation relating to material departures in the financial statement;

MANAGEMENT DISCUSSION AND ANALYSIS

The core business of your Company is manufacturing and sales of Insoluble Sulphur, a vulcanizing agent used in the rubber industry. Insoluble Sulphur produced by your Company is sold globally. The Company also manufactures Sulphuric Acid and Oleum.

INDUSTRY STRUCTURE AND DEVELOPMENTS

Insoluble Sulphur

Insoluble Sulphur is mainly used in the tyre industry. Since your Company competes globally and major part of the production of your Company is exported (71% in quantity terms for the year 2012-13) it is important to discuss the structure of and developments in the industry at global level.

During the year total sales of the Company was 16951 MT 3% down from the last year. This was due to reduction in demand from global tyre companies due to reduced production levels at their plants. Though new customer plants were added during the year, the sales continued to be affected on account of economic slowdown. Approval process, under way for some customers and new geographic locations, have also been delayed as tyre companies are deferring approval decisions during these difficult times.

Phase -2 of the project at SEZ Mundra with a capacity of 5500 Mtpa of Insoluble Sulphur was commissioned in May 2012.

Sulphuric Acid and Oleum

Sulphuric Acid is used as sulphonating agent in manufacture of Detergents and in other inorganic chemicals. During the year, Sales of Sulphuric Acid was 32850 MT at par with the last year sales. Performance of Sulphuric acid was good during the year on account of better sales realisation. Demand for Oleums, which is 100% Sulphuric acid containing free SO₃, remains restricted with few users of the same in the delivery area of your Company. The steam generated in Sulphuric Acid production is also being used in Insoluble Sulphur Plant.

OPPORTUNITIES, THREATS, RISKS, CONCERNS AND OUTLOOK

Insoluble Sulphur

The global slowdown had an impact on demand of Insoluble Sulphur in worldwide, particularly in Europe one of the main market of your Company. Indian tyre companies are also currently running at low capacities.

The Company's R&D unit is focused on developing better dispersion and stability of Insoluble Sulphur to remain at the forefront of technology in Insoluble Sulphur. However, with various marketing initiative in China and new customers, your Company is hopeful of achieving better capacity utilization in the second half of 2013-14. The global market is rapidly converting to High Stability and High Dispersion grades of Insoluble Sulphur. Your Company is already supplying these products to tyre companies, but production of these grades comes with higher variable cost.

Sulphuric Acid and Oleum

During the last year the demand of Sulphuric acid has been satisfactory and prices stable. The situation in the current year appears to be difficult as the demand for Sulphuric Acid has slackened in the first quarter. This is due to addition of capacities by Zinc and copper manufacturers for whom Sulphuric acid is a byproduct. Your Company plans to debottleneck the Sulphuric Acid Plant during the year so that it can produce additional steam to meet the full demand of Insoluble Sulphur at Dharuhera.

PERFORMANCE OF THE COMPANY

During the year, your Company achieved a Profit before tax of Rs.4003.51 lakhs and of Rs.6242.57 lakhs before provision of Depreciation and Interest. Production of Insoluble Sulphur increased by 3% to 17918 MT including Mundra Production of 6848 MT. The Sales of the Company (net of excise) increased 4% to Rs. 22544.07 lakhs.

HUMAN RESOURCES

The Company has, under its employment, 395 officers and workmen as on 31st March, 2013.

Increase in value of Human Capital through development of individual and collective skills and knowledge is essential to any Company for its continuous growth. This is more so in an industry like Insoluble Sulphur where continuous

ORIENTAL CARBON & CHEMICALS LIMITED

research and development is required in order to stay abreast of market expectations. Your Company implements in house programs for skill development and updation of competency of its employees on a continuous basis. Programmes for sharing and internalisation of knowledge within the Company are also carried out. Employees are also sent to suitable outside programs to keep them abreast of the latest developments in the industry and economy.

Your Company lays great emphasis on building a motivated work force, which can participate constructively in the growth of the Company. Innovative ideas are regularly received from the officers and staff of the Company, many of which were implemented for improvement in areas of quality, cost savings and increased productivity.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

Your Company has an effective system of accounting and administrative controls supported by qualified outside Internal Auditors with a proper and adequate system of internal checks and controls to ensure safety and proper recording of all assets of the Company and their proper and authorised utilisation.

The Internal Control systems are designed to ensure the reliability of financial and other records for preparation of financial statements and maintaining accountability of assets. The Statutory Auditors have evaluated the system of internal controls of the Company and have reported that the same are adequate and commensurate with the size of the Company and nature of its business.

The finding of the internal Audit are reviewed by the top Management and by the Audit Committee of the Board and proper follow up action is ensured wherever required.

During the year your Company has adopted ERP SAP which should result in better internal control.

We have audited the accompanying financial statements of Oriental Carbon & Chemicals Limited, ("the Company") which comprise the Balance Sheet as at 31st March, 2013 and the Statement of Profit and Loss and Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the Accounting Standards referred to in sub-section (3C) of section 211 of the Companies Act, 1956 ("the Act"). This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risk of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India;

- a. In the case of the Balance Sheet, of the state of affairs of the Company as at 31st March, 2013;
- b. In the case of Statement of Profit and Loss, of the profit for the year ended on that date; and
- c. In the case of Cash Flow Statement, of the cash flows for the year ended on that date.

Report on the Other Legal and Regulatory Requirements

ORIENTAL CARBON & CHEMICALS LIMITED

28 Summary of Significant Accounting Policies

28.01 Nature of Operations

The Company is a manufacturer of Insoluble Sulphur and Sulphuric Acid. The Company has manufacturing facilities at Dharuhera (Haryana) and at Mundra SEZ (Gujarat). Insoluble Sulphur produced by the company is sold globally.

(A) Basis of Accounting

The financial statements have been prepared to comply with the Accounting Standards referred to in The Companies (Accounting Standards) Rule 2006 issued by the Central Government and the relevant provisions of The Companies Act, 1956. The financial statements have been prepared under the historical cost convention on accrual basis. The accounting policies have been consistently applied by the Company unless otherwise stated.

(B) Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires estimates and assumptions to be made that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities on the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Differences between actual results and estimates are recognised in the period in which the results are known/materialize.

(C) Classification of Assets and Liabilities as Current and Non Current

All assets and liabilities are classified as current or non-current as per the Company's normal operating cycle and other criteria set out in Revised Schedule VI to the Companies Act, 1956. Based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, 12 months has been considered by the Company for the purpose of current/ non-current classification of assets and liabilities.

(D) Revenue Recognition

- (i) Revenue from sales is recognised when the significant risks and rewards of ownership of the goods have passed to the buyer, which generally coincides with the delivery.
- (ii) Revenue (other than sale) is recognised to the extent that it is probable that the economic benefits will flow to the company and the revenue can be reliably measured.

(E) Fixed Assets

Fixed assets are stated at cost less accumulated depreciation and impairment losses, if any. Cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use. The carrying amounts are reviewed at each balance sheet date, if there is any indication of impairment based on internal/external factors. An impairment loss is recognised wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is greater of the assets net selling price and value in use. In assessing, value in use, the estimated future cash flows are discounted to their present value at the weighted average cost of capital.

(F) Depreciation

Tangible Assets

Depreciation on Fixed Assets has been provided on straight line method at the rates and in the manner specified in Schedule XIV of the Companies Act, 1956. Depreciation on additions due to Machinery spares is provided retrospectively from the date the related assets are put to use. Depreciation on additions to or on disposal of assets is calculated on pro-rata basis. Leasehold land is being amortised over the period of lease tenure. Depreciation includes adjustment on account of revaluation which is written off on the basis of residual life as assessed by the Valuers and adjusted by transfer from Revaluation Reserve account. Additions to Fixed Assets on leased land and premises are amortised over the lease period.

ORIENTAL CARBON & CHEMICALS LIMITED

Intangible Assets

Depreciation of Intangible assets is allocated on a systematic basis over the best estimate of their useful life and accordingly software is amortised on straight line basis over the period of five years.

(G) Expenditure on new projects, substantial expansion and during construction period

Expenditure directly relating to construction activity is capitalised. Indirect expenditure incurred during construction period is capitalised as part of the indirect construction cost to the extent to which the expenditure is indirectly related to construction or is incidental thereto. Other indirect expenditure incurred during the construction period, which is not related to the construction activity nor is incidental thereto is charged to the Statement of Profit & Loss. Income earned during construction period is deducted from the total of the indirect expenditure.

All direct capital expenditure on expansion is capitalised. As regards indirect expenditure on expansion, only that portion is capitalised which represents the marginal increase in such expenditure involved as a result of capital expansion. Both direct and indirect expenditure are capitalised only if they increase the value of the asset beyond its originally assessed standard of performance.

Expenditure during construction/installation period is included under capital work-in-progress and the same is allocated to respective Fixed Assets on the completion of its construction.

(H) Foreign Currency Transactions

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction. Monetary items related to foreign currency transactions are restated at year end exchange rates. All exchange differences arising from such conversion including gain or loss on cancellation of foreign currency forward covers are included in the Statement of Profit & Loss except exchange difference arising on long term foreign currency monetary items in so far as they relate to the acquisition of depreciable capital assets are capitalised. (refer note 10). Premium / Discount on forward covers, covered under AS-11(i.e. The Effects of Changes in Foreign Exchange Rates) are recognised over the tenure of the contract.

(I) Inventories

Inventories are valued at lower of Cost and Net Realisable value. The cost of finished goods is determined by taking material, labour and related factory overheads including depreciation. Cost is determined on weighted average cost. Further the cost for Work-in-Progress includes material cost, stagewise direct cost and other related manufacturing overheads including depreciation. Materials and other supplies held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. Net realisable value is the estimated selling price in the ordinary course of business, less estimated cost of completion and to make the sale.

(J) Segment Reporting

The accounting policies adopted for segment reporting are in conformity with the accounting policies adopted for the Company. Primary Segments are identified based on the nature of products and services, the different risks and returns and the internal business reporting system. Revenue, Expense, Assets and Liabilities, which relate to the Company as a whole and could not be allocated to segments on a reasonable basis, have been classified as unallocated. Secondary segment is identified based on geography by location of customers i.e. in India and outside India. Inter-segment revenue have been accounted for based on the transaction price agreed to between the segments, which is primarily market based.

(K) Retirement and other employee benefits

1 Retirement benefits in the form of Provident Fund and Superannuation Scheme, which are

ORIENTAL CARBON & CHEMICALS LIMITED

defined contribution plans, are charged to the Statement of Profit & Loss of the year when the contributions to the respective funds are due.

- 2 Gratuity and Leave encashment which are defined benefits, are accrued based on actuarial valuation at the balance sheet date carried out by an independent actuary using the projected unit credit method.
- 3 Gratuity and Superannuation liability is being contributed to the respective funds formed by the Company.

(L) Investments

Long term Investments are stated at cost. The Company provides for diminution other than temporary in the value of Long term Investments. Current Investments are valued at lower of cost or fair value.

(M) Taxation

Current tax is measured at the amount expected to be paid to the revenue authorities, using the applicable tax rates and laws. Deferred tax for timing differences between the book and taxable Income for the year is accounted for using the tax rates and laws that have been enacted or substantively enacted as of the balance sheet date. Deferred Tax Assets arising from temporary timing differences are recognised to the extent there is reasonable certainty that the assets can be realised in future and the same is reviewed at each Balance Sheet date.

Minimum Alternate Tax (MAT) Credit is recognized as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. In the year in which the MAT credit becomes eligible to be recognized as an asset in accordance with the recommendations contained in Guidance Note issued by Institute of Chartered Accountants of India, the said asset is created by way of a credit to the Statement of Profit and Loss and shown as MAT Credit Entitlement. The Company reviews the same at each balance sheet date and writes down the carrying amount of MAT Credit Entitlement to the extent there is no longer convincing evidence to the effect that Company will pay normal Income Tax during the specified period.

(N) Borrowing Cost

Borrowing Cost attributable to the acquisition or construction of qualifying fixed assets, are capitalised as part of the cost of such assets upto the date of commencement of commercial production/put to use of plant. Other Borrowing costs are charged to revenue.

(O) Operating Leases

Lease rent in respect of assets taken on operating lease are charged to Statement of Profit & Loss as per the terms of lease agreements.

(P) Derivatives

Outstanding derivatives contracts, other than those covered under AS-11, at the year end are marked to market rate, and loss, if any, are accounted for in the Statement of Profit & Loss. As prudent accounting policy, gain on marked to market at the end of year are not accounted for.

(Q) Provisions

A provision is recognised when an enterprise has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions except those disclosed elsewhere in the notes to the financial statements, are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

ORIENTAL CARBON & CHEMICALS LIMITED

(R) Contingent Liabilities

A disclosure is made for possible or present obligations that may but probably will not require outflow of resources or where a reliable estimate cannot be made, as a contingent liability in the financial statements.

ORIENTAL CARBON & CHEMICALS LIMITED

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of Oriental Carbon & Chemicals Limited

We have audited the accompanying consolidated financial statements of Oriental Carbon & Chemicals Limited, ("the Company") and its subsidiary, which comprise the consolidated Balance Sheet as at 31st March, 2013 and the consolidated Statement of Profit and Loss and consolidated Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Company in accordance with accounting principles generally accepted in India; this includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risk of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and presentation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the consolidated financial statements give a true and fair view in conformity with the accounting principles generally accepted in India;

- a. In the case of the consolidated Balance Sheet, of the state of affairs of the Company as at 31st March, 2013;
- b. In the case of consolidated Statement of Profit and Loss, of the profit for the year ended on that date; and
- c. In the case of consolidated Cash Flow Statement, of the cash flows for the year ended on that date.

28.01 Principles of Consolidation

- The financial statements have been prepared to comply in all material aspects with applicable accounting principles in India, and the Accounting Standards issued under the Companies Accounting Standard Rules, 2006.
- Consolidated Financial Statements relates to M/s Oriental Carbon & Chemicals Limited (the Company) and its subsidiary M/s Schrader Duncan Limited, a Company incorporated in India, which was acquired on 13th April 2012. The Company's interest in Subsidiary is 50.01 % .

The Consolidated Financial Statements are in conformity with the AS-21 issued under the Companies Accounting Standard Rules, 2006 and prepared on the following basis:

- The financial statements of the company and its subsidiary have been combined on a line by line basis by adding together the book values of like items of assets, liabilities, income and expenses after fully

ORIENTAL CARBON & CHEMICALS LIMITED

eliminating inter company balances and transactions.

- ii) The consolidated Financial Statements are prepared by adopting uniform accounting policies for like transactions and other events in similar circumstances and are presented to the extent possible, in the same manner as the Company's separate financial statements except provision for depreciation for some assets, which is not material to the Consolidated Financial Statements.
 - iii) Minority interest in the consolidated financial statements is identified and recognised after taking into consideration the amount of equity attributable to minority at date on which investments in subsidiary is made.
- (c) M/s Schrader Duncan Limited become the subsidiary of the Company w.e.f. 13th April 2012. It was not practicable to prepare separate Statements of Profit & Loss upto 12th April 2012.

However share of Minority Interest and Company's share in profit attributable to period prior to 13th April 2012 has been proportionally adjusted.

28.02 Summary of Significant Accounting Policies

(A) Basis of Accounting

The financial statements have been prepared to comply with the Accounting Standards referred to in The Companies (Accounting Standards) Rules 2006 issued by the Central Government and the relevant provisions of The Companies Act, 1956. The financial statements have been prepared under the historical cost convention on accrual basis. The accounting policies have been consistently applied by the Company unless otherwise stated.

(B) Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires estimates and assumptions to be made that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities on the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Differences between actual results and estimates are recognised in the period in which the results are known/materialize.

(C) Classification of Assets and Liabilities as Current and Non Current

All assets and liabilities are classified as current or non-current as per the Company's normal operating cycle and other criteria set out in Revised Schedule VI to the Companies Act, 1956. Based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, 12 months has been considered by the Company for the purpose of current/ non-current classification of assets and liabilities.

(D) Revenue Recognition

- (i) Revenue from sales is recognised when the significant risks and rewards of ownership of the goods have passed to the buyer, which generally coincides with the delivery.
- (ii) Revenue from services is recognised on rendering of services in accordance with the Contractual arrangements.
- (iii) Revenue (other than sale) is recognised to the extent that it is probable that the economic benefits will flow to the company and the revenue can be reliably measured.

(E) Fixed Assets

Fixed assets are stated at cost less accumulated depreciation and impairment losses, if any. Cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use. The carrying amounts are reviewed at each balance sheet date, if there is any indication of impairment based on internal/external factors. An impairment loss is recognised wherever the carrying amount of an asset exceeds

ORIENTAL CARBON & CHEMICALS LIMITED

its recoverable amount. The recoverable amount is greater of the assets net selling price and value in use. In assessing, value in use, the estimated future cash flows are discounted to their present value at the weighted average cost of capital.

Intangible assets resulting in future economic benefits where the cost can be reliably measured are capitalised. Intangible assets are stated at cost less accumulated depreciation / amortisation and impairment loss.

(F) Depreciation

Tangible Assets

Depreciation on Fixed Assets has been provided on straight line method at the rates and in the manner specified in Schedule XIV of the Companies Act, 1956 except in case of Subsidiary Company, vehicles have been depreciated in 7 years, Computers have been depreciated in 4 years, leasehold improvements are amortised equally over the period of lease, and guest house equipment and furniture have been depreciated in 3 years. Depreciation on additions due to Machinery spares is provided retrospectively from the date the related assets are put to use. Depreciation on additions to or on disposal of assets is calculated on pro-rata basis. Leasehold land is being amortised over the period of lease tenure. Depreciation includes adjustment on account of revaluation which is written off on the basis of residual life as assessed by the Valuers and adjusted by transfer from Revaluation Reserve account. Additions to Fixed Assets on leased land and premises are amortised over the lease period.

Intangible Assets

Depreciation of Intangible assets is allocated on a systematic basis over the best estimate of their useful life and accordingly software is amortised on straight line basis over the period of five years except in case of subsidiary company, computer software have been depreciated @ 25% per annum.

(G) Expenditure on new projects , substantial expansion and during construction period

Expenditure directly relating to construction activity is capitalised. Indirect expenditure incurred during construction period is capitalised as part of the indirect construction cost to the extent to which the expenditure is indirectly related to construction or is incidental thereto. Other indirect expenditure incurred during the construction period, which is not related to the construction activity nor is incidental thereto is charged to the Statement of Profit & Loss. Income earned during construction period is deducted from the total of the indirect expenditure.

All direct capital expenditure on expansion is capitalised. As regards indirect expenditure on expansion, only that portion is capitalised which represents the marginal increase in such expenditure involved as a result of capital expansion. Both direct and indirect expenditure are capitalised only if they increase the value of the asset beyond its originally assessed standard of performance.

Expenditure during construction/installation period is included under capital work-in-progress and the same is allocated to respective Fixed Assets on the completion of its construction.

(H) Foreign Currency Transactions

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction. Monetary items related to foreign currency transactions are restated at year end exchange rates. All exchange differences arising from such conversion including gain or loss on cancellation of foreign currency forward covers are included in the Statement of Profit & Loss except exchange difference arising on long term foreign currency monetary items in so far as they relate to the acquisition of depreciable capital assets are capitalised. (refer note 10). Premium / Discount on forward covers, covered under AS-11(i.e. The Effects of Changes in Foreign Exchange Rates) are recognised over the tenure of the contract.

(I) Inventories

Inventories are valued at lower of Cost and Net Realisable value. The cost of finished goods is determined

ORIENTAL CARBON & CHEMICALS LIMITED

by taking material, labour and related factory overheads including depreciation. Cost is determined on weighted average cost. Further the cost for Work-in-Progress includes material cost, stagewise direct cost and other related manufacturing overheads including depreciation. Materials and other supplies held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. Net realisable value is the estimated selling price in the ordinary course of business, less estimated cost of completion and to make the sale.

(J) Segment Reporting

The accounting policies adopted for segment reporting are in conformity with the accounting policies adopted for the Company. Primary Segments are identified based on the nature of products and services, the different risks and returns and the internal business reporting system. Revenue, Expense, Assets and Liabilities, which relate to the Company as a whole and could not be allocated to segments on a reasonable basis, have been classified as unallocated. Secondary segment is identified based on geography by location of customers i.e. in India and outside India. Inter-segment revenue have been accounted for based on the transaction price agreed to between the segments, which is primarily market based.

(K) Retirement and other employee benefits

- 1 Retirement benefits in the form of Provident Fund and Superannuation Scheme, which are defined contribution plans, are charged to the Statement of Profit & Loss of the year when the contributions to the respective funds are due.
- 2 Gratuity and Leave encashment which are defined benefits, are accrued based on actuarial valuation at the balance sheet date carried out by an independent Actuary using the projected unit credit method.
- 3 Gratuity and Superannuation liability is being contributed to the respective funds formed by the Company.

(L) Investments

Long term Investments are stated at cost . The Company provides for diminution other than temporary in the value of Long term Investments. Current Investments are valued at lower of cost or fair value.

(M) Taxation

Current tax is measured at the amount expected to be paid to the revenue authorities, using the applicable tax rates and laws. Deferred tax for timing differences between the book and taxable Income for the year is accounted for using the tax rates and laws that have been enacted or substantively enacted as of the balance sheet date. Deferred Tax Assets arising from temporary timing differences are recognised to the extent there is reasonable certainty that the assets can be realised in future and the same is reviewed at each Balance Sheet date.

Minimum Alternate Tax (MAT) Credit is recognized as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. In the year in which the MAT credit becomes eligible to be recognized as an asset in accordance with the recommendations contained in Guidance Note issued by Institute of Chartered Accountants of India, the said asset is created by way of a credit to the Statement of Profit and Loss and shown as MAT Credit Entitlement. The Company reviews the same at each balance sheet date and writes down the carrying amount of MAT Credit Entitlement to the extent there is no longer convincing evidence to the effect that Company will pay normal Income Tax during the specified period.

(N) Borrowing Cost

Borrowing Cost attributable to the acquisition or construction of qualifying fixed assets, are capitalised as part of the cost of such assets upto the date of commencement of commercial production/put to use of plant. Other Borrowing costs are charged to revenue.

ORIENTAL CARBON & CHEMICALS LIMITED

(Rs. in Lacs)

(O) Operating Leases

Lease rent in respect of assets taken on operating lease are charged to Statement of Profit & Loss as per the terms of lease agreements.

(P) Derivatives

Outstanding derivatives contracts, other than those covered under AS-11, at the year end are marked to market rate, and loss, if any, are accounted for in the Statement of Profit & Loss. As prudent accounting policy, gain on marked to market at the end of year are not accounted for.

(Q) Provisions

A provision is recognised when an enterprise has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions except those disclosed elsewhere in the notes to the financial statements, are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

(R) Contingent Liabilities

A disclosure is made for possible or present obligations that may but probably will not require outflow of resources or where a reliable estimate cannot be made, as a contingent liability in the financial statements.

Dear Shareholder(s),

1. Reserve Bank of India has introduced National Electronic Clearing Service (NECS) facility after discontinuation and merger of Centralised Electronic Clearing Service (Cen-ECS) for bringing efficiency and uniformity in ECS operations by leveraging core-banking solution. NECS provides you the following benefits :-
 - ❖ Direct credit of dividend amount in the Bank Account.
 - ❖ Elimination of postal delays.
 - ❖ No loss of dividend warrants in transit.
 - ❖ No fraudulent encashment.
 - ❖ No hassle of revalidation / duplicate issue of dividend warrants.
2. Shareholder(s) holding share in **Physical Form** may please send the form attached below* to our Registrar and Transfer Agent at the following address :-

Dear Shareholder,

Sub : Green Initiative in Corporate Governance

The Ministry of Corporate Affairs has taken a “Green Initiative in Corporate Governance” by allowing paperless compliances by Companies through electronic mode. In accordance with the recent circular No. 17/2011 dated 21.04.2011 and circular No. 18/2011 dated 29.04.2011 issued by the Ministry, companies can now send various notices and documents, including annual report, to its shareholders through electronic mode to the registered e-mail address of shareholders.

It is a welcome move for the society at large, as this will reduce paper consumption to a great extent and allow shareholders to contribute towards a Greener Environment. This is a golden opportunity for every shareholder of Oriental Carbon & Chemicals Limited to contribute to the Corporate Social Responsibility initiative of the Company.

We therefore invite all our shareholders to contribute to the cause. Since you are holding shares in demat form, you are requested to register your e-mail address with your Depository Participant(s). In other cases, please send e-mail or letter to the Company at its address mentioned hereinabove giving details of your e-mail address, name, folio number at your early convenience.

Let's be part of this 'Green Initiative'!

Please note that as a member of the Company you will be entitled to receive all such communication in physical form, upon request.

Best Regards,

P K Maity
Company Secretary
